Hold me and tell me you'll always be mine
Now and for always forever be mine
We are two people who share the same heart
Nobody can break us apart
Oh no no- no we won't let go
Let the whole world know we're together

Per sempre amore, I can't get enough
Per sempre amore, Forever in Love
When we're together a gift from above
Per sempre amore-forever in love

(per sempre amore oh who oh. per sempre amore oh
who oh)

Life's never bitter it's so sweet with you
My head in a spin ain't nothin I can do
Hand on my heart when I set eyes on you
I knew there and then all I wanted was you
Oh no no-no we won't let go
Let the whole world know we're together

Per sempre amore, I can't get enough
Per sempre amore, Forever in Love
When we're together a gift from above
Per sempre amore-forever in love

Alright! Paaaarrty!

Per sempre amore, I can't get enough
Per sempre amore, Forever in Love
When we're together a gift from above
Per sempre amore-forever in love

Per sempre amore, I can't get enough
Per sempre amore, Forever in Love
When we're together a gift from above
Per sempre amore-forever in love
(Repeat to fade)
