Say goodbye - just say goodbye
Say goodbye - just say goodbye

Today is the day - my mind's made up
I know in my heart we should break up
I know you're not feeling like I do
So letting you go's all I can do

I've tried and I've tried
But I've just been wasting time...

It's all too late - just say goodbye
Spread your wings - I'll watch you fly
I hope you find somebody who
Can love you like I do
Just say the word - just say goodbye
Ooh - ooh just say the word
Say goodbye

(Say goodbye - just say goodbye)

I know we won't get back together
Not for me - not for you - not forever
In my heart I always see me with you
But that's not real life - that's just not true

I cry and I cry
But I was just stalling for time...

It's all too late - just say goodbye
Spread your wings - I'll watch you fly
I hope you find somebody who
Can love you like I do
Just say the word - just say goodbye
Ooh - ooh just say the word
Say goodbye

It's all to late - just say goodbye - ooh hoo
Just say goodbye
I hope you find somebody who - ooh hoo

It's all too late - just say goodbye
Spread your wings - I'll watch you fly
I hope you find somebody who
Can love you like I do
Just say the word - just say goodbye
Ooh - ooh just say the word
Say goodbye
