Tia, tia, tia (x2)
I say ti amo (x2)
Tia, tia, tia (x2)
I say ti amo

I want you to be the way you are
I need you to be my guiding star
So hold me and tell that it's true
That nobody loves me like you do

And I know - if we try
The limit is the sky
Take my hand and we'll fly
I say ti amo

Hand on heart - you are my shining star
Baby I say ti amo
Ti amo - I love you
Ti amo - yes it's true
Baby I say ti amo
Ti amo

Look in my heart: what do I see?
The image of you eternally
Together forever we'll always be
You're one in a million made for me

And I know - if we try
The limit is the sky
Take my hand and we'll fly
I say ti amo

Hand on heart - you are my shining star
Baby I say ti amo
Ti amo - I love you
Ti amo - yes it's true
Baby I say ti amo
Ti amo

Ti amo - ti amo -ti amo
Ti a - ti a - ti a - oh, oh

Ti amo - ti amo -ti amo
I say ti amo
I say ti a
I say ti amo

Hand on heart - you are my shining star
Baby I say ti amo
Ti amo - I love you
Ti amo - yes it's true
Baby I say ti amo
Ti amo

Hand on heart - you are my shining star
Baby I say ti amo
Ti amo - I love you
Ti amo - yes it's true
Baby I say ti amo
Ti amo
