Now it's the top of the morning  
I'm up and I'm yawning, but something just don't feel  
right today.  
No breakfast cooking, your favorite show ain't on  
and I'm wondering where my baby's gone, gone away  
uh.  
She got me running I'm racing thru the driveway,  
she's gone, gone away uh.  
Shoulda took advantage of you and now I'm sorry.

I've wasted too much time  
seen it flash before my eyes, now your saying goodbye  
bye.  
It's feeling like the last day of my life  
don't want our love to die, now I'm feeling like I'm  
losing my mind, my mind thinking I might go crazy girl  
without you  
and it's feeling like the last day of my life.  
Don't want our love to die, help me save us before we  
flatline.

Lining up all the girls I knew but they don't compare to  
you.  
In the mirror all I see is your face.  
Uh, my heart is missing, uh oh all the women  
I'm looking but my baby's gone, she's gone, gone  
away.  
Uh, and now I'm thinking I'm already replaced.  
She's gone, gone away uh, shoulda took advantage of  
you now I'm sorry.

I've wasted too much time  
seen it flash before my eyes, now your saying goodbye  
bye.  
It's feeling like the last day of my life  
don't want our love to die, now I'm feeling like I'm  
losing my mind, my mind thinking I might go crazy girl  
without you  
and it's feeling like the last day of my life.  
Help me save us before we flatline.

This is an emergency but 911 can't help me and I hope

it ain't  
terminal cuz I don't really see me recovering. Love is  
on the line  
running outta time, this is gonna require some surgery.  
Go ahead remove my pride while you in there take the  
lies. Bring my baby  
back so she can save my life cuz I

I've wasted too much time  
seen it flash before my eyes, now your saying goodbye  
bye.  
It's feeling like the last day of my life  
don't want our love to die, now I'm feeling like I'm  
losing my mind, my mind thinking I might go crazy girl  
without you  
and it's feeling like the last day of my life.  
Can you save us before we flatline.

Ohhh, breathe, come back, breathe, don't leave, I love  
you girl, breathe, baby please, ooh breathe, don't go,  
breathe, I'll change, don't want our love to die, breathe,  
if you stay, breathe, breathe.
