Twista:

Is it because of the flickas that we do wrong?
They say nothin then twista be gettin to gone.
Man we about to party and I don't give a xxxx what ya
think.
It was only my interest to have a couple of drinks.
I had another and another and another and another.
Saw a chick I wanted to get up under tha cover
Shawty so bad-I'm about to get got
like a 44 magnum about six shots
We can exit thru the tha back
Get up out this spot
Go to tha Devil who down the street

about 6 blocks
then i start at the progress
on patron
I got off into the hottness
in the morn
so nothin but a hot mess
what was hotness is lookin like the lochness
layin on my chest
Uggg
Got the xxxx up and then I got dressed
now I know I shoulda had one shot less

as I'm wakin up next to you
tell me how did I let you thru tha door

Now I thought Shorty was a 10
I was hopin she wasn't even a ?

I shoulda had one shot less
(this song is hot i'ma finish da rest later)
