For better or for worst
Well who ever dreamed of the words to bring such a
hurt
Boughs that we break obligated to stay
With somebody else
It seems so wrong - I tell my self
Cause that's the bough I'll have to break to be with you
What have I done...

Brothers and sisters what have I done
Cause I don't wanna be in a world without you
Brothers and sisters where do I belong
Cause I don't wanna be in a world without you
I wonder if you're missing me too
In a world without you
Am I ever getting through to you
In a world without you

These moments with you
They worth all the torture and pain
That I'm going through
There's nothing to choose
It's the price we must pay
For breaking the rules
Don't blame your self, for what we felt
Just know without you in my life there's nothing else
What have I done...

Brothers and sisters what have I done
Cause I don't wanna be in a world without you
Brothers and sisters where do I belong
Cause I don't wanna be in a world without you
I wonder if you're missing me too
In a world without you
Am I ever getting through to you
In a world without you

Maybe we'll meet with the rising sun
We'll start it once again
Like life has just begun
I'll whisper your name upon the wind
And saying it over'over'n over again

Brothers and sisters what have I done
Cause I don't wanna be in a world without you
Brothers and sisters where do I belong
Cause I don't wanna be in a world without you
I wonder if you're missing me too
In a world without you
Am I ever getting through to you
In a world without you
