Good times that's when you feel  
You're something special in the family wheel  
Bad times they hurt so much  
The reason for so many people losing touch

I am your next of kin  
You see we're family underneath the skin  
Whatever crime we're guilty of  
We stand in need, in need of a mother's love

It's in the blood all about the family  
It's in the blood  
It's in the blood all about the family  
It's in the blood

Sometimes we'll disagree  
Even so we are family  
By the times the strength remains  
Link that binds, we'll never ever break the chains

We walk our separate ways  
Chasing dreams, dreams and better days  
I'm with you, you're with me  
We all are branches, branches on the family tree

It's in the blood all about the family  
It's in the blood  
It's in the blood all about the family  
It's in the blood

It's in the blood all about the family  
It's in the blood  
It's in the blood all about the family  
It's in the blood

When we fight our separate wars and we stop  
Stop and count the cost  
Your life, your life connects with mine  
That's how it's been since the start of time

It's in the blood  
It's in the blood

It's in the blood  
It's in the blood

It's in the blood all about the family  
It's in the blood  
It's in the blood all about the family  
It's in the blood

It's in the blood all about the family  
It's in the blood  
It's in the blood all about the family  
It's in the blood

It's in the blood all about the family  
It's in the blood  
It's in the blood all about the family  
It's in the blood
