### "I Don't Understand"

Visit "[I Don't Understand](#)" on [MotoLyrics.com](http://MotoLyrics.com)

All these things, I don't understand (All these things)  
All these things, I don't understand (Yeah yeah!)

Making small talk till there's nothing left to say  
Make believing that it's just another day  
My heart keeps telling me that come what may  
There's something going wrong  
People smiling in their usual vacant way  
As if implying that everything's ok  
I'll be a fool you can lead my heart astray  
There's something going wrong

All these things, I don't understand (I don't understand!)

All these things, I don't understand (Oh all these things!)

Get home early, take some time to unwind  
Just for a while we'll leave the world behind  
Wake up your heart and open your mind  
There's something going wrong  
Still pretending we'll have ourselves a ball  
Ignore the writing that is written on the wall  
Cards on the table, I wish I knew it all  
I wish I knew it all

All these things, I don't understand (I don't understand)

All these things, I don't understand (No! All these things that I don't understand)

All these things, I don't understand (All these things yeah)

All these things, I don't understand (All these things oh! ohhhhhhhh!!!! Yeaahhh)

Do do do do, do do, do do do do  
Do do do do, do do, do do do do

Then I sidetrack, what are these thoughts?  
What are these feelings?  
What is these doubts? What is the meaning?

It's hard to tell, whether it's night or day, bright or grey  
Should this bird fly away?  
Right away - I try and fight today  
If it's lost then I would truly grieve  
Cos it's not what I truly need  
Cos it's not what I want to believe  
So I ask myself, is it me, is it she, is it we  
Is it us or is it him?  
Now who's him? God knows  
Tears run down my nose, my body froze  
I suppose I should really ask the question  
What's wrong? Where's the love gone?  
What's with the tension? Who's on the phone?  
Is there something you need to mention?  
My heart's beating heavily  
What you not telling me?  
Why you're not belling me?  
Is he standing next to me?

Keeping our cool, and playing so polite  
Something telling me it just ain't right  
You'd get an Oscar if you weren't so uptight  
There's something going on  
The resolution to this ain't gonna be  
The word denial seems appropriate to me  
You'll never change so I guess it's up to me  
There's something going on

All these things, I don't understand (I don't  
understand)  
All these things, I don't understand (oh no, I don't  
understand, aaaaowww)

Do do do do, do do, do do do do  
Do do do do, do do, do do do no!

(Don't try to understaaandâ€¦!)
