"Breakdown"

Back where the dogs bark, where still life bleeds the
concrete white,
try not to go too far inside your mind
Back where the cars decide, where the lame star limps
an endless mile,
have I gone too far inside my mind?

Oh, if you were the one, would I even notice now my
mind has gone?
Oh, if you were the one, would I even notice?

Back where the car was parked, where the canine in the
A-line stole your time,
you can only go so far for womankind

Oh, if you were the one, would I even notice now that he
has come?
Oh, if you were the one, would I even notice?

Does your love only come, does your love only come,
does he only come in a Volvo?
