"By The Sea"

She can walk out anytime, anytime she wants to walk
out, that's fine
She can walk out anytime, anytime she feels that life
has passed her by
And when I start my new life I won't touch the ground
I'm gonna try hard this time not to touch the ground

He can walk out anytime, anytime he wants to walk out,
that's fine
He can walk out anytime, across the sand, into the sea,
into the brine
And when I start my new life I won't touch the ground
I'm gonna try hard this time not to touch the ground

So we sold the car and quit the job
and shook some hands and wiped the make-up right
off
And we said our good-byes to the bank
left Seven Sisters for a room in a seaside shack
And when I start my new life I won't touch the ground
I'm gonna try hard this time not to touch the ground...

...it's by the sea we'll breed....
...into the sea we'll bleed...
