

London Suede "Hi-Fi"

Slipping through the city, sliding train to train
Sulking on the subway, music in our brains
She and me together in the city sound
Me and Mona Lisa on the underground

Hi-fi in the white city, yeah, yeah
Hi-fi in the white city, yeah, yeah

Slipping through the city, sliding brain to brain
Sulking on the subway, listenin' to the trains
She and me together, speed through space and time
Graffiti in our eyes, and music in our mind

Hi-fi in the white city, yeah, yeah
Hi-fi in the white city, yeah, yeah
Hi-fi in the white city, yeah, yeah
Hi-fi in the white city, yeah, yeah

Hi-fi, hi-fi, hi-fi in the white city, yeah, yeah
