"Stay Together"

Come to my house tonight,
We can be together in the nuclear sky.
We will dance in the poison rain,
We can stay a while in heaven today.

[CHORUS]:

Stay together
And stay these days alive
Stay together
Two hearts under the sky scrapers.

Come to my arms tonight,
You and me together on electric light.
She will dance in the poisoned air,
Just you and me forever by the motorway ??

[CHORUS]

There's a time bomb in the highlight
There's a blue suburban dream.
Will I see you up in paradise?
Or have you come to touch me?

Come to my arms or not,
Just you and me together in the year of the hawk.
Single file in the nuclear night,
And we can feel a little closer as we tumble through the
sky.

[CHORUS]

[REPEAT CHORUS]
