Stand up and take it, it's all I can do
Am I the worse for trying, neither useless nor improved
With my heart wide open, sometimes I feel so small
I've got my hopes up, please don't let me fall

Dreams come true
Say they do, say they do, say they do
Dreams come true
Say they do, say they do
And I'll stand up and take it, oh, yes I will

Stand up and take it, shoot at the moon
Blind faith or hallucination, how do you tell between the
two?
When you love someone, you have to see it through
I've got my hopes up, tell me I'm not a fool

Dreams come true
Say they do, say they do, say they do
Dreams come true
Say they do, say they do
And I'll stand up and take it, oh, yes I will

I'm gonna stand up and take it, never to decline
And if we're building castles more power to the crime
I'm gonna stand up and take it, I can't control my
dreams
They chase me while I'm waking, they plead and warm
my sleep

Dreams come true
Say they do, say they do, say they do
Dreams come true
Say they do, say they do

Dreams come true
Say they do, say they do, say they do
Dreams come true
Say they do, say they, say they do

Say they do, say they do, say they do, say they do
Oh, please say they do

Oh, please say
Ooh, say they do
