I was minding my business like a good girl should
A little too careful for my own good
It was just like living life in the dark, yeah
Till something jumped up and it grabbed my heart

I found love
(I found love)
I found love
(I found real love)

I found real love
(I found love)
I found love
(I found real love)

I found love
(I found love)
I found love
(I found real love)

I found real love
(I found love)
I found love
(I found real love)

The beginning and end of every wish
Is balanced in the center of a vision like this
Maybe my emotions are inclined, yeah
To surrender to the notion of a glorious kind

'Cause I found love
(I found love)
I found love
(I found real love)

I found real love
(I found love)
I found love
(I found real love)

I found love
(I found love)

I found love
(I found real love)

I found real love
(I found love)
I found love
(I found real love)

One touch, souls speak
The power's got me and it won't let me be
It's too much, this heat
I wanna laugh, cry, jump for joy, shout and scream
Yeah, yeah, yeah

At the end of every tunnel there's a shining light, oh,
yeah
In the heart of every storm there's a quiet night
My joy was hidden in a dream
I didn't know that it was there until you set me free

'Cause I found love
(I found love)
I found love
(I found real love)

I found real love
(I found love)
I found love
(I found real love)

I found love
(I found love)
I found love
(I found real love)

I found real love
(I found love)
I found love
(I found real love)

I found love
(I found love)
Oh, yeah
(I found real love)

I found real love
(I found love)
Oh, yeah
(I found real love)

I found love

I found real love
I found love
I found real love

I found love
I found real love
I found love
I found real love

I found love
I found real love
I found love
I found real love
