

## Lonely Kings

### "Houston We Have A Problem"

Visit "[Houston We Have A Problem](#)" on MotoLyrics.com

To satisfy, a narcissist

And I swear

I'd better choose

To travel time

Or be abused

But you've never been good enough

No they never said goodbye to you

But you've never been good enough

No, you've never been.

Before I explain

A bitter truth still remains,

All your feats, your chemicals

Will always be

So minimal

No, you've never been

All alone by yourself.
