Crossed my mind sold me out
That reflections pretty ugly
I'm doubting I'm alone
Took a hit the other day
Now it all seems unsung heroes
At night they fly away
Walk the line the way it feels
Hope this place won't leave me
Out of here stranded all alone
And if I have to choose
It won't be me at all
Another superfly with force fields around me
Stare behind the sun

Or when I bite my tongue
Well run away to Spain
El Corazon de Lumbre
El Combinacion Fatal
And so we find our fortunes told
Count your blessings
And the answers they always do unfold
Took everything that I have on
Have wanted to be. I trade away I give away
Burn everything that I love or aspire
To be. I gave away. I'm trying to say
Don't do that
