I am a man on a mission, I have a case of tunnel vision  
Just 'cause I'm not talkin' don't mean that I'm not  
listenin'  
You can say I suffer from a lifelong condition  
You know I love you, baby, but try to understand, I am a  
man  
I'm your man

I am a man of passion, maybe it's magic  
Maybe it's a chemical reaction, all I know is you walk  
into a room  
There's a fire, deep inside me, burnin' just for you  
You know I want you, baby, but try to understand, I am  
a man  
(A man)

I'm right, I'm wrong, I'm weak, I'm strong  
I'm all points in between  
I don't say much, but when we touch  
You know just what I mean  
You know just what I mean

I am a man of conviction, I do believe in God  
But I wrestle with the devils of addiction  
Sometimes I lie awake at night an' pray that you'll turn  
over  
Wrap your arms around me tight, put your head on my  
shoulder  
You know I need you, baby, but try to understand I am a  
man

I'm right, I'm wrong, I'm weak, I'm strong  
I'm all points in between  
I don't say much, but when we touch  
You know just what I mean  
You know just what I mean

I, I am a man

I, I am a man, I am your man  
Baby, I am a man  
(I am a man)

Yes, I am

I am your man, I'm your man  
Oh, I am your man, I'm your man  
I'm your man
