V1

So many people spend most of their lives just draggin
their feet
Afraid to take a chance, worried about nothing much,
getting their means
I know im bound to make mistakes and im gunna fall
But I will be the kind of man to hold up my head, to get
back up, to dust myself back off

CHORUS

Im gonna burn up that highway
Chase my dreams and tempt fate
Do things they say just cant be done
Im gunna take in every sunset
Breath each breath like it could be my last
Just in case tomorrow never comes
Im gunna live, laugh and love
Yeah baby

V2

I wanna get high but placed in each kiss I'm feelin that
touch
Never had a reason to ever say I didn't give enough
I would climb the highest mountain and count every
star
As long as my hearts beating I'll live on the edge
Laugh till it hurts
Live, love make my mark

CHORUS

Im gonna burn up that highway
Chase my dreams and tempt fate
Do things they say just cant be done
Im gunna take in every sunset
Breath each breath like it could be my last
Just in case tomorrow never comes
Im gunna live, laugh and love

BRIDGE

Lifes as good as it gets (yeah)
When theres no regrets (regrets)
Oh no regrets

CHORUS

Im gonna burn up that highway
Chase my dreams and tempt fate
Do things they say just cant be done
Im gunna take in every sunset
Breath each breath like it could be my last
Just in case tomorrow never comes
Im gunna live, laugh and love
Im gunna live, laugh and love

Ooh, yeah

Come on
