Box speaker talkin' out a tune  
Two for one on a blue lagoon  
Another lost and found

Bartender takes another pass  
Puts the salt on the rim of another glass  
And he sets it down

I'm know every color of every neon sign  
Flashin' out a heartache in the back of my mind

Down at the lonely grill  
Got nothin' but time to kill  
At the end of everyday  
I sit in a corner booth  
Do nothin' but think of you  
And the love we threw away  
And I guess, I always will  
Down at the lonely grill

Sad eyed waitress called Betty Lynn  
Got her order pad and her ball point pen  
Said what'll it be?

I said "A tall glass of cold regret"  
A full order of loneliness  
Like every night this week

I'll shoulder my pride and I drink it down  
Another smoke filled evenin' with no fire to be found

Down at the lonely grill  
Got nothin' but time to kill  
At the end of everyday  
I sit in a corner booth  
Do nothin' but think of you  
And the love we threw away  
And I guess, I always will  
Down at the lonely grill  
Lonely grill

I sit in a corner booth

Do nothin' but think of you  
And the love we threw away  
And I guess, I always will  
Down at the lonely grill  
Lonely grill

Ooh  
Down at the lonely grill  
Ohh oh  
Down at the lonely grill  
Ohh, ooh oh  
Down at the lonely grill  
Ohh, ooh oh, oh  
At the lonely grill
