Sideways, cockamamie
The idea is just a little too brainy
That a fine girl like you would
Bumpety bump with a midnight fool
I took the fall in a neon minute
You were right there and I fell right in it

Uh oh, just hit me
Rattlesnake gone and love done bit me
Goin' down, getting dizzy
Can't get enough of your kissy, kissy
No cure and I don't want one
Oh baby, this must be love

Well, lunchtime and I eat a sandwich
And I think of you and the world just vanishes
As I call you up from a cell phone
Smack in the middle of a blasting zone
You get me so excited
Can't wait for my fuse to be lighted

Uh oh, just hit me
Rattlesnake gone and love done bit me
Goin' down, getting dizzy
Can't get enough of your kissy, kissy
No cure and I don't want one
Oh baby, this must be love

You got me lost in a wonderland
Love songs played by a marching band
Lips like roses, skin like cream
Please, don't wake me
Don't you wake me up from a good dream!

Uh oh, just hit me
Rattlesnake gone and love done bit me
Goin' down, getting dizzy
Can't get enough of your kissy, kissy
No cure and I don't want one
Oh baby, this must be love

Uh oh, just hit me

Rattlesnake gone and love done bit me
Goin' down, getting dizzy
Can't get enough of your kissy, kissy
No cure and I don't want one
Oh baby, this must be love

Must be love, yeah
Must be love
Oh baby, it must be love
Must be love
