Ahhhh

Donâ€™t need to get on a big ole plane, yeah

Youâ€™re gonna hear us from Bangkok to Bangor,

Maine

Live on your internet radio and satellite

Wherever you are, itâ€™s Saturday night

Welcome to the party

The party heard around the world

Ainâ€™t no stopping, weâ€™ll be rocking

Til theyâ€™re dancing down in Timbuktu, girl

Welcome to the party heard around the world

Crank up the bass til it rattles your brain

Ainâ€™t loud enough if your neighbors donâ€™t

complain

Bang out the beat on the dash of your car

Jump on the hood and play some air guitar, yeah

Welcome to the party, the party heard around the world

Ainâ€™t no stopping, weâ€™ll be rocking

Til theyâ€™re dancing down in Timbuktu, girl

Welcome to the party heard around the world, yeah

Get on your feet and raise your hands

Come on everybody sing along with the band, yeah

Welcome to the party

The party heard around the world

Ainâ€™t no stopping, weâ€™ll be rocking

Til theyâ€™re dancing down in Timbuktu, girl

Welcome to the party

The party heard around the world

Ainâ€™t no stopping, weâ€™ll be rocking

Til theyâ€™re dancing down in Timbuktu, girl

Welcome to, welcome to the party heard around the

world

Ohhh welcome to the party, ohhhh yeah
