Your heart's been broken, you don't wanna open up to
me

But can't you see

All that you're needing is someone to believe in you

And when you are no longer afraid

Darlin' I'll be just one word away

Say when, I'll be there by your side

For a day, for a year, for the rest of my life

I know you're not ready

But someday your heart's gonna mend

I'll give you love without end

Say when

Could be tomorrow, maybe a little farther down the
road

Your heart will know

My love is timeless and you're gonna find it's true

And no matter how long it takes

If it means holding you I can wait

Say when, I'll be there by your side

For a day, for a year, for the rest of my life

I know you're not ready

But someday your heart's gonna mend

I'll give you love without end

Say when

I know you're not ready

But someday your heart's gonna mend

I'll give you love without end

Say when, say when
