I still remember the night we met
You said you loved my smile
But your love for me was like a summer breeze
Oh it lasted for a while
I could hold on a little tighter I know
But when you love someone gotta let'em go

So I'm gonna smile
Cause I wanna make you happy
Laugh
So you can't see me cry
I'm gonna let you go style
And even if it kills me
I'm gonna smile

Kiss me once for the good times, baby
Kiss me twice for good bye
You can't help how you don't feel
And it doesn't matter why
Give me a chance to bow out gracefully
'Cause that's how I want you to remember me

I'm gonna smile
Cause I want to make you happy
Laugh
So you can't see me cry
I'm gonna let you go Style
And even if it kills me
I'm gonna smile

I'm gonna smile so you can find the courage
Laugh,
So you wont see me hurtin'
I'm gonna let you go Style
And even if it kills me
I'm gonna
Smile
