So you say your love's about to end
You say you can't take no more
She's out the door
And your looking for a friend

Who am I to tell you why
But I'm just curious, were you furious
Or did you swallow your pride
And look her in the eye and

Tell her that you love her
Tell her that you need her
Tell her that you want her to stay
Reassure her with a kiss

She may never know unless you show her what your
feeling
Tell her you're believing even though it's hard to say
'Cause she needs to know you're thinking of her
So open up and tell her that you love her

Brother I've been right where you are now
And my heart was broke 'cause I never spoke
Those healing words out loud

But I've learned my lesson well
And now every night before I close my eyes
I look at my woman and I ask myself did you

Tell her that you love her
Tell her that you need her
Tell her that you want her to stay
Reassure her with a kiss

She may never know unless you show her what your
feeling
Tell her you're believing even though it's hard to say
'Cause she needs to know you're thinking of her
So open up and tell her that you love her

Tell her that you love her

Tell her that you love her
Tell her that you need her
Tell her that you want her to stay
Reassure her with a kiss

She may never know unless you show her what your
feeling
Tell her you're believing even though it's hard to say
'Cause she needs to know you're thinking of her
So open up and tell her that you love her
Tell her that you love her
