She's unusually unusual
She introduced herself as Amy
Said, "Call me Caroline for short?"
She said, "I just moved in three doors down
So I wouldn't be the girl next door?"

And I knew the shoes
She wasn't wearing, fit her just right
And She said, "Hey, man did you know that somebody
Left your grass out in the yard all night?"

She's unusually unusual
Absolutely unpredictable, yes, she is
She's so different and that's what's wonderful, yeah
She's unusually unusual
And that's beautiful to me

She had a tattoo above her ankle
Of a Trident Submarine
She said, "It symbolizes awesome powers
Hidden deep within our dreams?"

And her diamond eyes, different in color
Held me captive in their light
And she said, "Hey, man did you know
We used to be brothers, yeah, in some past life"

She's unusually unusual
Absolutely unpredictable, yes, she is
She's so different and that's what's wonderful, yeah
She's unusually unusual
And that's beautiful to me

Some people may think she's strange
A different cup of tea but she just does it for me

She's unusually unusual
Absolutely unpredictable, yes, she is
She's so different and that's what's wonderful, yeah
She's unusually unusual

And that's beautiful to me

That's good enough for me
She's unusually unusual, yes, she is
She's unusually unusual

She's unusually unusual
She's unusually unusual
