The sign in the window said for sale or trade
On the last remaining dinosaur Detroit made
Seven hundred dollars was a heck of a deal
For a four hundred horsepower jukebox on wheels

And that road roll out like a welcome mat
I don't know where it goes but it beats where we're at
We always said someday somehow
We're gonna get away gonna blow this town

What about now
How 'bout tonight
Baby for once let's don't think twice
Let's take that spin that never ends
That we've been talkin' about
What about now
Whys hould we wait
We can chase these dreams down the Interstate
And be long gone before the world moves on
And makes another round
What about now

We've been puttin' this off baby long enough
Just give me the word and we'll be kickin' up dust
We both know it's just a matter of time
Til our hearts start racin' for that county line

What about now
How 'bout tonight
Baby for once let's don't think twice
Let's take that spin that never ends
That we've been talkin' about
What about now
Whys hould we wait
We can chase these dreams down the Interstate
And be long gone before the world moves on
And makes another round
What about now

WE could hang around this town forever makin' plans
But there won't ever be a better time to take this
chance

What about now
How 'bout tonight
Baby for once let's don't think twice
Let's take that spin that never ends
That we've been talkin' about
What about now
Whys hould we wait
We can chase these dreams down the Interstate
And be long gone before the world moves on
And makes another round
What about now
What about now
