When I go home for Christmas Iâ€™ve done made up my  
mind  
Gonna do some things I wish Iâ€™d done back once upon  
a time  
Everybody in the whole place is gonna know my name  
Iâ€™ll blow in like a hurricane and then blow out just the  
same

(Chorus)

Paint Seniors on the water tower  
I got the paint, I got the power  
Do everything that I wish Iâ€™d done back then  
Better late than never they say  
Canâ€™t let the moment slip away  
Iâ€™m gonna finally take my chances when I go home  
again

Gonna call old Frankie Walker and ask him if he might  
Meet me at the dragstrip and he can eat my dust  
tonight  
Iâ€™m gonna look up Laura whatâ€™s her name and finally  
make it clear  
I studied every square inch of her legs our junior year

(Repeat Chorus)

Everybodyâ€™s got some things they wish theyâ€™d said  
or done  
Iâ€™m gonna do my best to do â€™em everyone

Gonna finall tell my mama about that Friday night  
I didnâ€™t trip and fall, I got that shiner in a fight  
And if I get my courage up I might just spill the beans  
And tell her all the details about the night I turned  
eighteen
