(Bobby Terry/Anthony Smith)

Fire, smoke, bad joke
That's what my life's been turned into
Hurt, cry, pray to die
That's all that I've got left to do

Without you
Everytime someone speaks your name
I feel my heart go up in flames
Without you
Nobody's here to see me cry
Or wipe the teardrops from my eyes
Without you
I'm the only one I've got left
And I can't live with myself
Without you, oh without you

Guilt, shame, I'm to blame
For all the pain I put you through
Cold, stoned, mind blown
There's nothin' left for me to lose

Without you
Everytime someone speaks your name
I feel my heart go up in flames
Without you
Nobody's here to see me cry
Or wipe the teardrops from my eyes
Without you
I'm the only one I've got left
And I can't live with myself
Without you, oh without you

Time goes by
Still, I'm

Without you
Everytime someone speaks your name
I feel my heart go up in flames
Without you
Nobody's here to see me cry

Or wipe the teardrops from my eyes
Without you
I'm the only one I've got left
And I can't live with myself
Without you

Everytime someone speaks your name
I feel my heart go up in flames
Without you
Nobody's here to see me cry
Or wipe the teardrops from my eyes
Without you
I'm the only one I've got left
And I can't live with myself
Without you, oh without you
Without you, oh without you
