I love you and you love me  
but I fear your Mom do not agree  
Your Daddy is saying I got to go  
but if I leave, not without you  
I know a place where we can go...

Refrain: I love Boomtown Bay  
it is my only way  
not to become astray  
so I say: Keep it up down Boomtown Bay !!

In every week, on every day  
all I need is Boomtown Bay  
Party all over in the sand  
Boomtown Bay, the promised land

There is one place we can go ...

Refrain

But some guys in the government  
they all do not understand  
they tried to catch me, but I ran away  
ran towards my hiding place in Boomtown Bay  
I know a place where we can go ...

Refrain
