We are rooted in the underground - to metal we're
bound
We've sworn the oath and honour it's way, the cult of
steel we hail
Gift from the gods, precious and pure, a force to guide
our rules
We are the masters, we are the slaves following our
aim

Slaves of steel
Slaves to metal

Slaves of steel
The wolf division

No mainstream crap but true and raw - the way how
should sound metal
The underground breed of legions preaching the iron
We are together, all as one, to defend our gold
No one will ever make us change - fight for the metal
reign
