World is spinning round, sun is shining bright  
Pierces through my curtains and the sunlight burns my  
eyes  
Telephone is ringing and I've got nothing to say  
I wish that they would all just go away

The devils knocking down my front door killing me with  
strides  
All I ever wanted was someone to let me live my own  
life  
All I ever wanted was someone to let me live my own  
life

All I ever wanted was to give, all I ever wanted was to  
live  
All I ever wanted was someone to let me live my own  
life  
All I ever wanted was to give, all I ever wanted was to  
live

Stars are falling down from the sky tonight  
Sun is fully eclipsed but now I see the light  
Everyone around me crashing down from all sides  
And they say some things are never gonna change, my  
life

If you ask me for the answers you'll get one reply  
All I ever wanted was someone to let me live my own  
life

Want to sip on me royal tea  
Let me live  
Oh Lord, let me live

Some will win and some will lose  
You never can decide what's the path you'll chose  
I guess it's in the way things will always be  
Everybody want to drink off me royal tea

The devils knocking down my front door killing me with  
strides  
All I ever wanted was someone to let me live my own

life

Someone will win and someone will fucking lose  
You cant decide the fucking path you chose  
This is how it's always gotta be  
Take my fucking royal tea  
This is my life
