Well I drove down South to Heaven  
If you know what I mean  
If I had to do it over  
Then I wouldn't change a thing

Oh Lord, take me down to Mexico  
Rosarito, Baja California

Going to school and working on the weekend  
I finally saved enough to buy a car  
Got some bros out there, I'm going surfing  
But you know that I'll be chilling at the bar

10 shots of tequila, my skin is turning red  
Everything is just beautiful and it popped into my head  
Well Life is good and life is fun  
But it isn't that way for everyone, no, no

Asked that kid for Chiclets  
10 sombreros on his head  
Selling blankets, knives, and jewelry  
To keep a roof above his bed, Lord

Take me down to Mexico  
Rosarito, Baja California

Oh Lord, take me down to Mexico  
Rosarito, Baja California

Things you said last night down by the fire side  
Didn't seem to mean much the next day  
A bottle rocket blew up, a bunch of people threw up  
I looked at my man Eeno and this is what he said

They say life is good and they say life is fun  
But it sure ain't that way for everyone  
Well I crossed the border just to change my scene  
[Incomprehensible]

Down here at the border where the money's like green  
Tequila, beer, ecstasy, and mescaline  
One thing remains true, the water's still blue

You know what to do, get some

Well I drove up North to Heaven  
And I've learn from what I've seen  
If I had to do it over  
Then I wouldn't change a thing
