She got one over on me
I found out she cheated on me
Well I was beggin' her to try with three
I guess that I'm the one to blame
They're closing in, the walls are cracked
Look me in the eye and stab my back
Pull the knife out, let it slide
I no longer want to suffer this pain inside

Well I'm thinking of your faces
Smiling in darkened places
Hope you still can smell the traces of your lips

I'll be up until tomorrow
Drinking rum to drown my sorrows
But I can't stop thinking how it came to this

Loooord Nooow
Lord you want the free love love
She want the free love
Ohhhhhhhhh lord lord
You wanna free love lord

While I was on the road
And rockin' around the world
And you were getting down with my boy and his girl
Telling me it meant nothing
I shouldn't even care
If I was around I would've been all up in there, lord
Calafimiga human sandwich on a meat
Call all the bread, treat my like a piece of meat
Menagetua is every man's dream (true)
And is my fantasy

Well I'm thinking of your faces
Smiling in darkened places
Hope you still can smell the traces of your lips

I'll be up until tomorrow
Drinking rum to drown my sorrows
But I can't stop thinking how it came to this

Oooo no lord no no no
Nooooooooo no no nooooooooo
No no no free love love love free love
Free love free love free love
Oooooooooo no no

Free love
Licky licky long time now
Free love lovey lovey lovey

While I was on the road
And rockin' around the world
And you were getting down with my boy and his girl
Telling me it meant nothing (oh ya)
I shouldn't even care
If I was around you know I would've been all up in there

I give you free love
I give you free love ohh lord
I give you free love ohh noo ohhh nooooo
