Well, you should never get your style from watching
mtv
all you get is fashion, no originality
what clothes are they wearing or what drugs are they
on
if I drove a Mercedes would I be someone?

Lord...
should I kneel and praise thee
or should I be a member of the Manson family
it all seems so trivial, but they call it marketing
exploiting the talent, lord what a sin thing

said I feel your pain it's a shame,
people I feel your pain some man is the blame
but, I'm gonna break it down, any way that I can
I'm gonna scream I'm gonna yell,
'cause I don't wanna use my hands.

cause you built that wall around you,
now you can't see out
you can't hear my words
no matter how loud I shout.

cuz I scream at the wall but police dont hear a sound.
I can't seem to move like cement on the ground.
Keep your ass on the road and I'll see you at the mall
try screaming at a wall but one day it's gonna fall.

and we don't need no video to make up for our song
put the pen to the paper in a unique style.

Get the bros together with the drum and the bass,
and we mix that shit all up and then we rob up the
place.
cause the club will get boring with the same old beat.
and if you need some music when you roll down the
street.

said I feel your pain it's a shame,
people I feel your pain some man is the blame
people I feel your pain it's a shame,

people I feel your pain some man is the blame
feel your pain it's a shame,
people I feel your pain some man is the blame

Hey! these naked fools,
who uh, you think they are cool
you try to deny me for simplicity.
but I don't wanna bruise you I don't wanna lose you,
but don't try to deny me, boy!
What!!!!
