ruff ruff ruff...

Tripping down nations, de ba se dens

Nah nah nah...

On so many journeys

Always in a hurry

Crossing so many bridges

Just trying to make a living

Because we got the master plan

But we won't stop, rocking the jam

After tonight you'll be rocking my way

Field Marshall is the Boss DJ

People try to bruise me

but no words could ever hurt me

No no

the baby's filled with lovin'

Because the bun is in the oven

Nah nah nah...

na na

My love can move mountains

My faith is walking by you like a dog

Be happy, sad, or vicious every mornin'

(ruff ruff ruff...)

and I would die right next to you

(if I died, If I died)

Laundry trash and dishes stacking up 10 miles high
(day day day...)

Seeing that our mission has returned it to the victim

the bills are getting higher everyday

Nah nah nah...

Well you should never over look

what it takes to set the fish on the hook

close minded smile (plastic smile)

Makes you wonder why, wonder why oh why
Nah nah nah...
We can never hate the player
We can only hate the game
You can never point your finger down at me
We don't need no constitution
We don't need no mass confusion
Everybody wants a little taste of anarchy
We don't need no president to tell us we're free

Nah nah nah...

Cause my love can move mountains
And my faith is walking by you like a dog
