World is spinning round
sun is shining bright
pierces through my curtains
i wish that they would all just go away
and the sunlight burns my eyes
telephone is ringing but i've got nothing to say
the devil's knocking down my front door killing me with
strife

all i ever wanted was someone to let me live my own
life
all i ever wanted was to give
all i ever wanted was someone to let me live my own
life
all i ever wanted was to live

all i ever wanted was to give
all i ever wanted was someone to let me live my own
life

all i ever wanted was to live
stars are falling down from the sky tonight
sun is fully eclipsed and now i see the light
everyone around me crashing down from all sides
and they say some things are never gonna change my
life
if you ask me for the answers you'll get one reply
all i ever wanted was someone to let me live my own
life
want to sip on me royal tea

let me live, ohh lord help me live

some will win and some will lose
you never can decide what's the path you'll choose
everybody wanna drink up me royal tea
i guess it's in the way things will always be
all i ever wanted was someone to let me live my own
life
the devil's knocking down my front door killing me with
strife
this is how it's always gotta be

someone will win and some will fuckin lose
take all my fuckin royal tea
you can't decide on the path you'll choose
this is my life
