How long can you keep building
Those walls around your heart?
And how long can you keep running
From who you really are?

Don't you know that he knows you
Sees everything you've done
So tell why you keep trying
To fool everyone?

Do you wanna feel true redemption?
And do you wanna be free?

Let it out
Let it out
Everything you've worked so hard to hide
Let it out
Let it out
Leave it at the cross where Jesus died
Take off your mask
Find peace at last
Cause He loves you more than you could ever know
Let it out

The weary and the broken
Be everything that's true
Admit how much you need healing
Let Him bring it all to you

Do you wanna have true salvation?
Do you wanna have peace?

Let it out
Let it out
Everything you've worked so hard to hide
Let it out
Let it out

Leave it at the cross where Jesus died
Take off your mask
Find peace at last
Cause He loves you more than you could ever know

Trade it all for love and freedom
Oooo Let it out
Trade it all for saving grace
Yah
Let the past go
Cause you can't know
It never will define you
Everything has made you
Nothings gonna be the same

Let it out
Let it out
Everything you've worked so hard to hide
Let it out
Let it out
Leave it at the cross where Jesus died
Take off your mask
Find peace at last
Cause He loves you more than you could ever know

Let it out
Let it out
Everything you've worked so hard to hide
Let it out
Let it out
Leave it at the cross where Jesus died
Take off your mask
Find peace at last
Cause He loves you more than you could ever know
Let it out
