Did you ever have to make a big decision? Well, I did  
(well, I did)  
Did you ever have to break a heart in two, then throw it  
away? (well, I did)  
Did you ever have to tell a lie to someone, someone  
who loved you so? Well, I did  
If it never happened to you, how could you know? (oh,  
no)

Did you ever lay awake at night just a-thinkin'? Well, I  
did (well, I did)  
Thinkin' how am I doing wrong or right to hurt that poor  
little girl (yes, I did)  
Just imagine how she must have felt, poor darling,  
there on her wedding day  
I didn't show up and I never really had the courage to  
say

Her wedding day picture, a beautiful gown  
Then a pretty bouquet drops from her hands to the  
ground  
With loving arms around her, they lead her to the door  
Oh, she's never ever gonna kiss him, never ever gonna  
see him no more

(well, I did)  
(well, I did, yes I did)

Just imagine how she must have felt, poor darling,  
there on her wedding day  
I didn't show up and I never really had the courage to  
say

Her wedding day picture, a beautiful gown  
Then a pretty bouquet drops from her hands to the  
ground  
With loving arms around her, they lead her to the door  
Oh, she's never ever gonna kiss him, never ever gonna  
see him no more

Oh, she's never ever gonna kiss him, never ever gonna

see him no more

No, no more (never never never never never)

No, no more (I ain't never gonna see my baby)

No, no more (I ain't never gonna see her face)

No, no more (Since the day I ever left her)

No, no more (You know I ain't never gonna see my  
baby)

No, no more (never never never)

No, no more...
