Come traveling me darling
I need to see you shine
All love in the time
Kiss kiss like mommy's lips
Her last lips im gonna cry
Cos in the ballot
There's someone i don't know
Made me see all
Little heart
As forever

Our ravelling me darling
This citys bruning out
Rumble dogs america
So green the grass so green
Dance down

City walls determie halls money calls
Heard a black man
How could i understand
Made me see your little heart
As forever
Is she cray
Enchant from the heart
