Hey, girl, in your summer blouse  
Walking down the beach road from your house  
How I'm thinking what to say to you  
But I'm weak and stupid when I'm near you

Hey, girl, do you feel this night?  
Now I know everything's going to be alright  
'Cause I only ever think of you  
Being down there, how I miss you

Summer air's smelling sweet  
As you take me in a trance  
From the noise and the people tonight  
Now your hair's come undone

As we were walking I move closer  
In the evening light  
There's nothing I can do  
'Cause I'm falling for you  
Falling for you

Hey, girl, do you feel this night?  
Now I know everything's going to be alright  
'Cause I only ever think of you  
Being down there, how I miss you

Summer air's smelling sweet  
As you take me in a trance  
From the noise and the people tonight  
Now your hair's come undone

As we were walking I move closer  
In the evening light  
There's nothing I can do  
'Cause I'm falling for you  
Falling for you

Walking down the other day  
You held my hand and asked  
If I was feeling okay  
(Falling for you)  
I wonder, did you really mean something else?

Do you feel how I am feeling myself?  
(Falling for you)  
There's nothing I can do  
'Cause I'm falling for you  
(I'm falling for you)  
Falling for you

(Falling for you, falling for you)  
(Falling for you, I'm falling for you)  
(Falling for you, falling for you)  
(Falling for you, I'm falling for you)  
(Falling for you, falling for you)
