Scary, but it's true that all I have to do
Is look into your eyes to see how things have changed
When all I needed from you - someone to believe who
believes in me - no longer is my heart still chained

All you have to do is say you feel the same way
All you have to do is say you feel the same way
'Cos things are gonna change... don't leave it up to fate

I saw you today, walking up in town
Wearing your disguise, pretending not to see me
So how does one go on? When you're all that I need to
survive this burn that I thought I could forget...

And all you have to do is say you feel the same way
All you have to do is say you feel the same way
Just say what's on your mind then - don't let it go too
long now - 'cos things are gonna change... don't leave
it up to fate...

Isn't it so strange? How we go to pieces...
Well it seems like only yesterday, hey, now I can
return...

And all you have to do is say you feel the same way
All you have to do is say you feel the same way
Just say what's on your mind then - don't let it go too
long now - 'cos things are gonna change... don't leave
it up to fate...
