Complete me
Fill my hole
Because I've offered you the part on parole
Complete me
Don't let go
Because I'm clinging to the mast it's your boat
Sunken treasure gives a lot more pleasure
Than the rat if it comes to that
My baby blue
Don't make it true
That I'm a fool without your love
My baby blue
Don't make it true
Completely fill my hole
Because of all the types I've cast it's your role
Complete me
Don't let go
Because I started to believe you had soul
With your willing
Fuck that hole needs filling
Feel I'm crippled
Now with you it's tripled
My baby blue
Don't make it true
That I'm a fool without your love
My baby blue
Don't make it true
Sunken treasure gives a piece more pleasure
Than the rat if it comes to that
My baby blue
My baby blue
My baby blue
Don't make it true
That I'm a fool without your love
My baby blue
Don't make it true
