Visit "[Goodbye](#)" on MotoLyrics.com

Still the same, always changing
Move along, still remaining
But when you gave yourself away
You had nothing to say
What you said before
Didn't matter anymore
You weren't the same after that
You weren't the same

Goodbye
Goodbye

Keep talking, without saying
Keep hearing but don't listen
Cause when you gave yourself away
You had nothing to say
What you said before
Didn't matter anymore
Don't know what you've got 'til it's gone
Don't know what you've got

Goodbye
Goodbye

Goodbye, Goodbye, Goodbye, Goodbye
Goodbye, Goodbye, Goodbye, Goodbye
Goodbye, Goodbye, Goodbye, Goodbye
Goodbye, Goodbye, Goodbye, Goodbye
