I'm sorry I never listened
I was selfish with my time
I know you don't believe me now but you were always
on my mind
I know I've had two chances
You've already said goodbye
But please just reconsider once and give me one more
try
Give me one more try
Give me one more try
Give me one more try
Give me one more try
Too much time on my hands lately
And I think too much
I think I'm out of touch
But all that's changing now
'Cause I've seen right through
But I won't see through you
Come with me
Come with me
Come with me
Give me one more try
Give me one more try
Give me one more try
Give me one more try
Dark clouds hang overhead
And obscure the view
When all along I knew
Still go sprightly now
There's fresh air today
This flame hasn't faded you say
Come with me
Come with me
Come with me
Give me one more try
I'm sorry I never listened
I was selfish with my time
I know you don't believe me now but you were always
on my mind
I know I've had two chances
You've already said goodbye

But please just reconsider once and give me one more
try
Give me one more try
I'm sorry I never listened
I was selfish with my time
I know you don't believe me now but you were always
on my mind
I know I've had two chances
You've already said goodbye
But please just reconsider once and give me one more
try
I'm sorry I never listened
I was selfish with my time
I know you don't believe me now but you were always
on my mind
I know I've had two chances
You've already said goodbye
But please just reconsider once and give me one more
try
Give me one more try
