At least you got a pretty face
So take a chance and join the game
'Cuz nothings gonna bring you down
Suffer, die, and resurect
It's a golden glitter after life
You're the biggest hit in town
We never saw the golden star
You know it's shining in the dark
But all you got is this until you die
It's nothing but a trick that gets you high
You're running back to where you know
Don't say you're going outta your mind
Closer than you've been before
Your friends are all the biggest bore
There's nothing like the newest time
Listen there's no time to wait
It's up to you don't hesitate
What everything that get you by
They always were your biggest fans
You took it all into your hands
But all they got is this until they die
It's nothing but a trick that gets you high
Your running back to where you know
Don't say your going outta your mind
yeaaahhh you die
It's nothing but a trick that gets you high
You're running back to where you know
Don't say you're going outta your mind
outta your mind
outta your mind
outta your outta your...
