### "State Of Mind"

You know that my state of mind  
Is better than it seems  
When you look into my eyes  
See what there is to see  
Don't forget that i  
Will let you down  
Don't let it take your time  
I'll be where you're going  
Racing out of control  
I know what you think at night  
I know all the secrets  
There's nothing you can do besides  
Wonder at the reasons  
So don't forget that i  
Will let you down  
Don't let it take your time  
I'll be where you're going  
Racing out of control  
So don't forget that i  
Will let you down  
Don't let it take your time  
I'll be where you're going  
Racing out of control
