

Longwave "It's True"

Visit "[It's True](#)" on MotoLyrics.com

When you go, When you go.
Are you just racing back and forth?
When you go, When you go.
Are you just lost for something more?

At least you know that it's true.
At least you know that it's true.

All is yours, All is yours.
So you don't hesitate to ask.
All is yours, All is yours.
Gotta make the best of what you have.

At least you know that it's true.
At least you know that it's true.

At least you know that it's true.
Well, at least you know that it's true.

At least you know that it's true.
At least you know that it's true.

At least you know that it's true.
Well, at least you know that it's true.
