Tell me everything I need to know
Calling out 'till this plateau is behind
Do you if there's nothing left
And is there life after death
But in time
Come and take me for a little ride
I'll meet you on the other side
A voice is blaring in my head
You might as well be dead
If you're not already
Tell me is this just another trick
Another turn to make me sick on myself
If im doing what I ought
But with the same old lonely thoughts of you
Come and take me for a little spin
And I'll have someone get you in
A voice is blaring in my mind
You might aswell be blind
If you're not already
But im not gonna lose any more, oh no
Im not gonna lose any more, oh no
Please don't let me lose any more
Come and take me for a little ride
I'll meet you on the other side
A voice is calling my name
You might as well be saved
If you're not already
But im not gonna lose any more, oh no
Im not gonna lose any more, oh no
Please don't let me lose any more
