Wasn't it love at first sight  
When your eyes caught mine  
Now I just wanted all to last  
I'm choking on everyday life

I'm not just your everyday guy  
How could you put up with all my shit  
Ever since you came in  
I can see myself again

You take my walls down  
That I keep building up  
You spin me right 'round  
When the world's just too much  
You're the one thing  
Keeping me guessing  
Now I see that you are the best thing  
Take my walls down

Suddenly nights are so bright  
My heart's working overtime  
I hope I ain't rushing in too fast  
Ever since you came in  
I can be myself again

You take my walls down  
That I keep building up  
You spin me right 'round  
When the world's just too much  
You're the one thing  
Keeping me guessing  
Now I see that you are the best thing  
Take my walls down

(Oh) Take my walls down  
(Oh) Take 'em down for me  
Take 'em down for me  
Take 'em down for me  
Take 'em down for me

I knew it was love at first

When you're eyes caught mine

You take my walls down  
That I keep building up  
You spin me right 'round  
When the world's just too much  
You're the one thing  
Keeping me guessing  
Now I see that you really get me  
Take my walls down  
Take my walls down  
Take 'em down for me  
Take 'em down for me  
Take 'em down for me
