One commands another's offer  
Somehow makes the bullet softer  
Living up to nothing  
I wanna shine now

One commands another's offer  
Somehow makes the bullet softer  
Living up to nothing  
I wanna shine now

See the credits up ahead  
I'll swerve  
To make my story incomplete

Think I'll just stay awhile

One commands another's offer  
Somehow makes the bullet softer  
Living up to nothing  
I wanna shine now

One commands another's offer  
Somehow makes the bullet softer  
Living up to nothing  
I wanna shine now

See the credits up ahead  
I'll swerve  
To make my story incomplete

Think I'll just stay awhile
